VAN LANDBOU-INGENIEURS**

**THE SOUTH AFRICAN INSTITUTE  
OF AGRICULTURAL ENGINEERS**

## **Invitation: Business Breakfast**

**13 October 2017  
Pure Joy Lodge, Pretoria**

### **“Agricultural Engineering - Together We Can”**

Following the successful first SAIAE Business Breakfast held in Gauteng on 7 October 2015, the SAIAE Council hereby cordially invites you to the second Gauteng Business Breakfast taking place on 13 October 2017 at Pure Joy Lodge, Pretoria.

One of the recommendations from the 2015 event was for a SAIAE Company Affiliation membership category to be established in order to strengthen ties between SAIAE as the recognized voluntary association for agricultural engineers and industry, and we are proud to launch this initiative at the event taking place on 13 October.

Company Affiliates represent the private sector employers of engineering professionals, and, as such, play a vital role in the development of the profession while receiving exposure to and networking opportunities with other similar parties. Close ties between SAIAE and industry, via Company Affiliate membership, is essential for growing the agricultural engineering sector in South Africa, and even beyond our country's borders. Employer involvement and awareness of the scope and potential of agricultural engineers provides a solid foundation for working together to protect and advance this unique and essential profession.

We look forward to your attendance at the 2017 Gauteng SAIAE Business Breakfast. Please see attached the registration form and other relevant information. If you require more information, please contact the SAIAE Business Manager, Boeboe Neethling on 072 928 3628 or [boeboe@saili.co.za](mailto:boeboe@saili.co.za).
